"I want to thank you and congratulate you on a truly outstanding CRC this past week. I recognize the challenges of bringing together delegates and participants from many different countries. I was very impressed with the all of the arrangements made by the host committee and your attention to detail in ensuring that the CRC went smoothly. All of the arrangements, from the CRC website info to the scheduling of each event, showed that you understood the requirements and though how to meet them effectively and efficiently."

**Gadam Sivakumar**

"It was fantastic CRC we all experienced in Bangkok. We enjoyed, networked and made lot of friends. This is one of the memorable CRC we had. It is very difficult to meet this standard set by you and your team. Convey my best regards and a big thank you to them."

**Chandra Sekhar**  
President Elect  
Singapore

"I would like to take this opportunity to thank you and your team for having organized an excellent CRC, from which we return with fond memories. You have obviously set a very high standard in terms of the various sessions and the wonderful banquet that came alive with outstanding performances from the budding student community. The food was great (a person thank you note from me for taking care of the vegetarians with excellent food!). Amidst the serious business and closed-door session, there was ample time to catch up among friends of Region XIII and other countries. I realized that I had not stepped out of the hotel during my entire stay for 2 days in Bangkok and have thoroughly enjoyed my stay. Congratulations for a wonderful job!"

**Dominador Castro**  
President  
Philippines

"I extend my heartfelt congratulations to Thailand chapter for a very wonderful and memorable CRC. We may have devoted most of our time in the many meetings we conducted, but they were really punctuated with laughter and banter which makes it easy for us to bond as a group. I will never forget all these unforgettable moments for the rest of our lives!"

**Piya Chongvatana**

"Congratulations to all of us, We have done a wonderful job. It is now confirmed that our CRC is the best one. Thank all of you for the effort and work hard."
